

Motherboard for 4 MS-Cards

1.915.770

The Modular Sub-Cards require a mounting base for mechanical and electrical installation. This motherboard for four MS-cards in standard Euro-card size easily integrates into the Studer audio components system; it carries 32 printed tracks from its edge connector to four small plug-in sockets. Each socket has 13 contacts; six of them are common supply lines, while another six are individual to each socket. Then there is a separate bus line for circuits 1 and 2, and another bus line for circuits 3 and 4. A motherboard for only one MS-card is available as well.

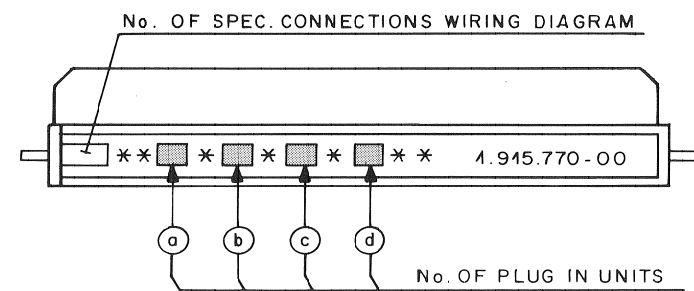

Dimensions: Euro-card **100 × 160 mm**

Connectors: 1 × Euro connector **32-pin, DIN 41612**
4 × CIS connector **13-pin, plug-in socket for MSC**

Ordering Information: MSC motherboard
