

Octopus "BlackSea" - a special edition

genoQs Machines 2008

Octopus "BlackSea"

The majesty of Octopus is legendary.

While for some Octopus has redefined the meaning of sequencing, many agree that the instrument's aura is something to be only experienced in person.

And yet, there is more..

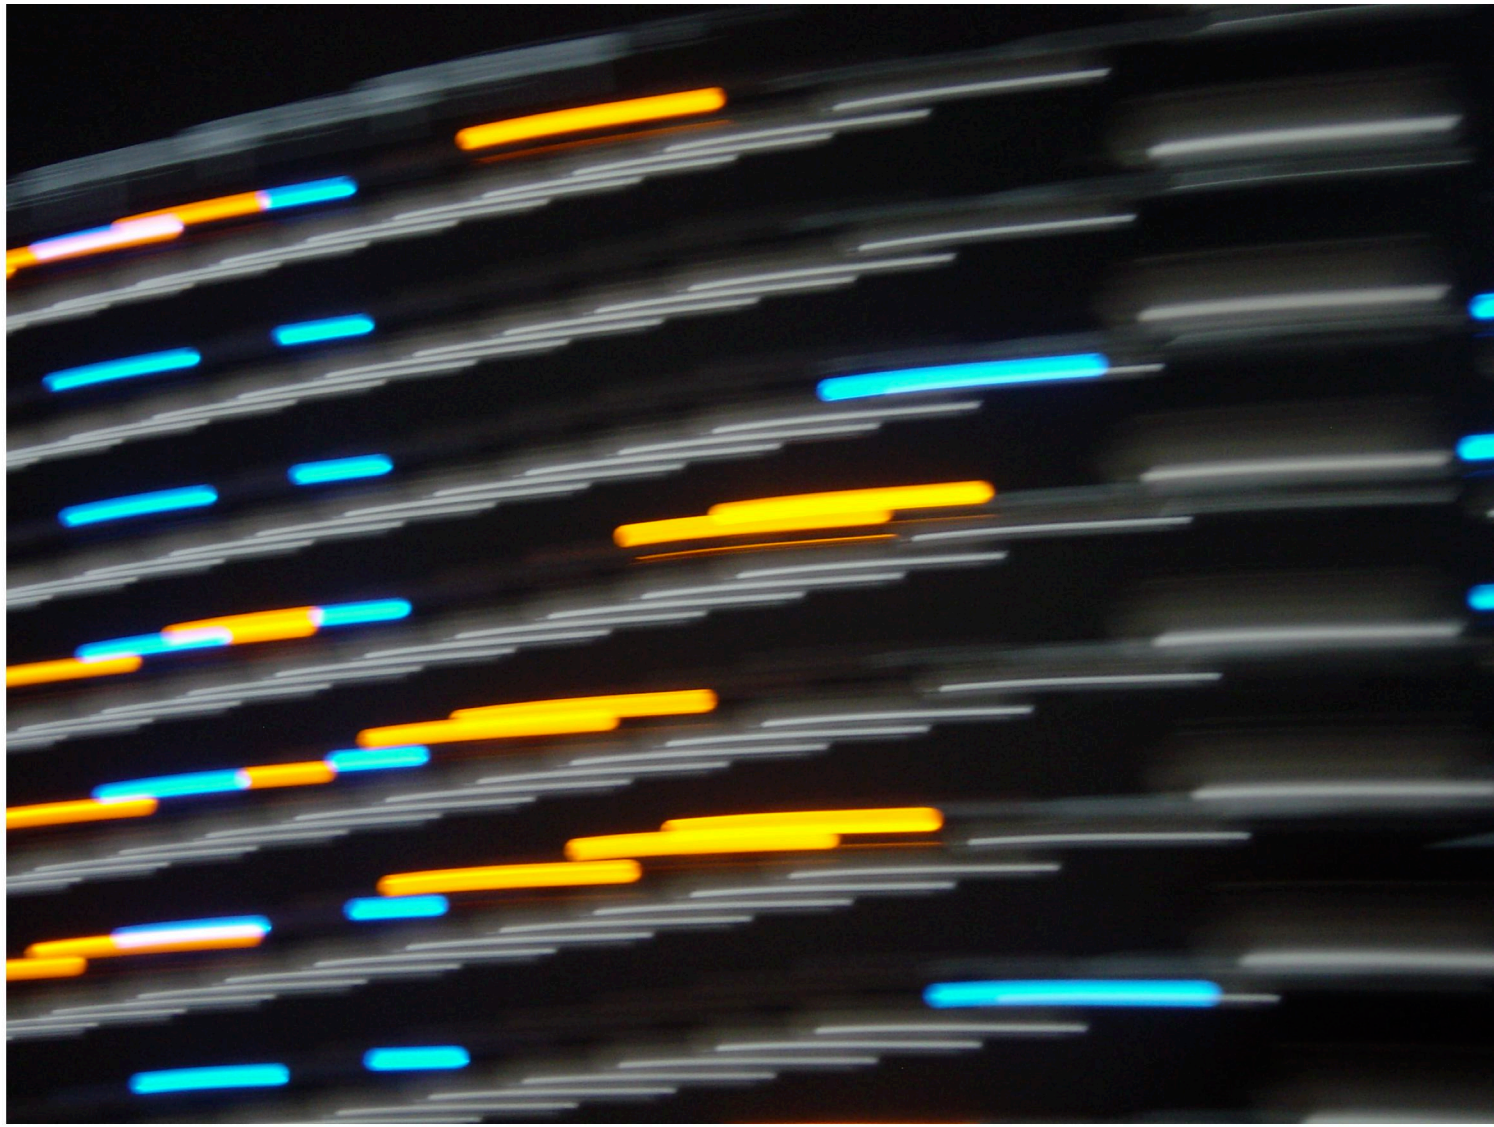

Curiosity and an idea on color variation led to a little experiment we did. When we were done, what we saw took our breath away!

We invite you on a journey. Enjoy with us what we have named the Octopus "BlackSea" special edition.

genoQs Machines, 2008

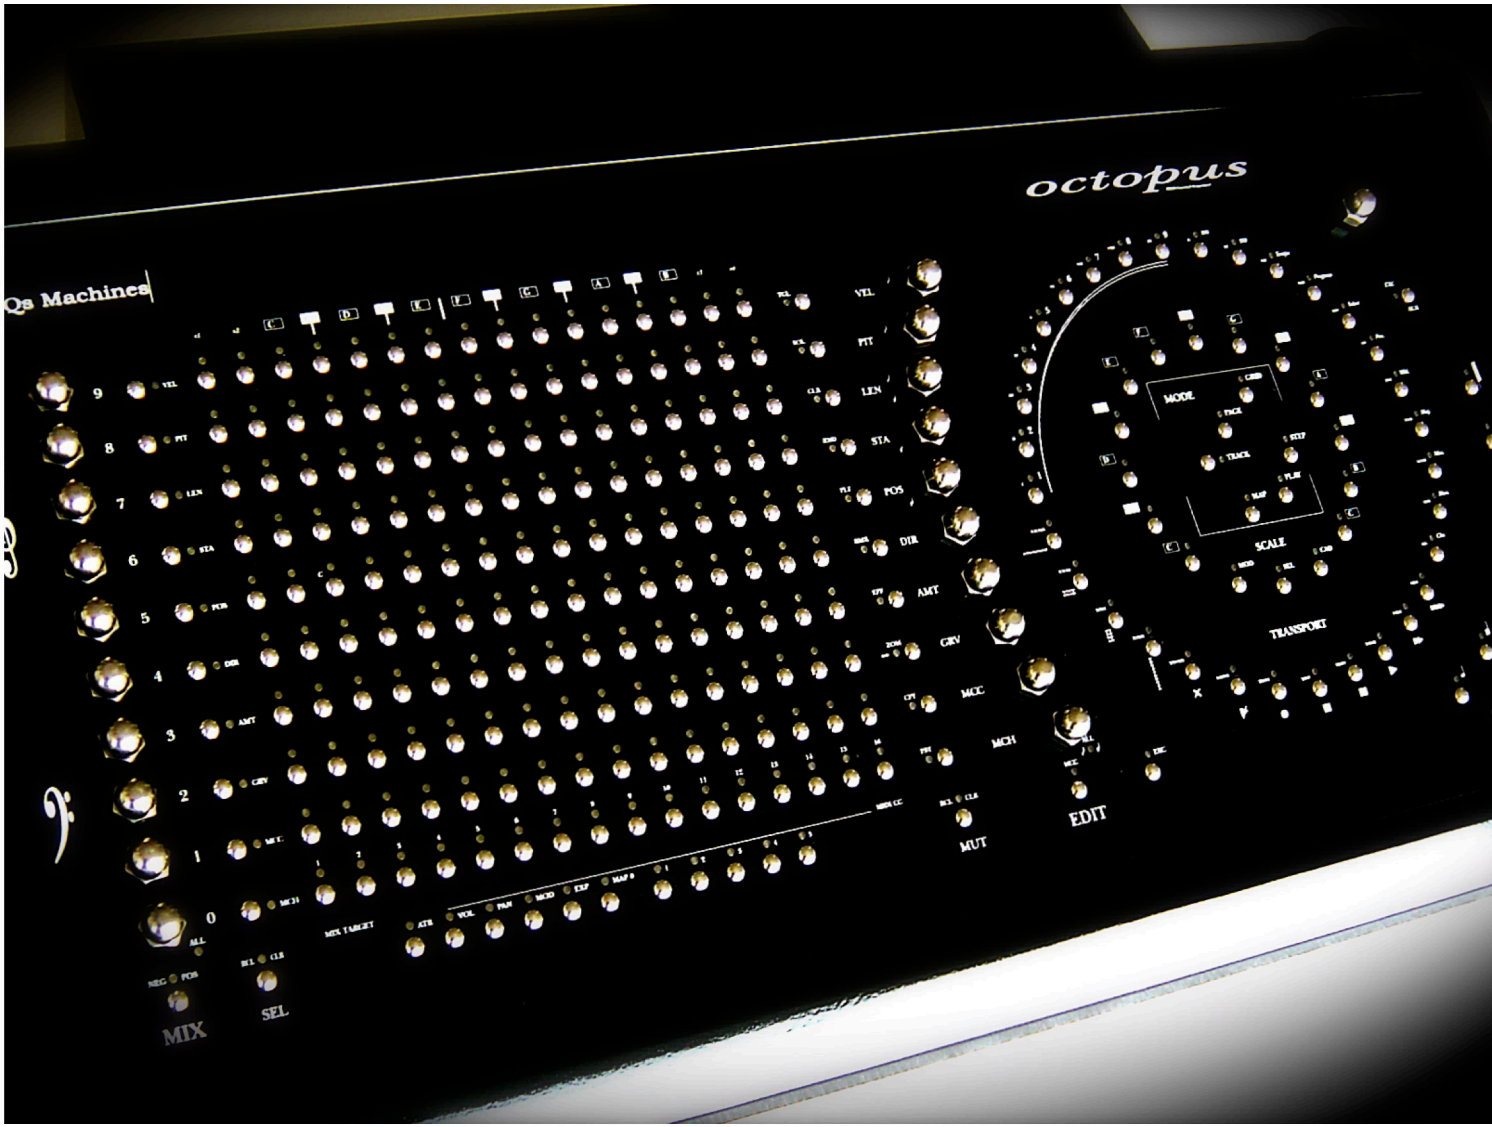

Ingredients

Blue, yellow, purple, black and white.

Full presence

Time travel
unnecessary.

Logo

The starting point.
