INTRODUCING

THE BRUTE

THE NEW LIMITER FROM

INWARD CONNECTIONS

FEATURING THE NEW
VF600 ALL DISCRETE AMP BLOCK

"One of the most well-suited limiters within the 500 series format to obtain a high-end vocal sound. It will add warmth and presence to your vocal, bringing out a breathy and airy quality while also smoothing out peaks and bringing the vocal up front in your mix. Also excellent for guitars, bass and anywhere else a smooth and warm optical limiter can be of use."
