#	NAME	DESCRIPTION
00	Saint Paul's	Cathedral reverb with long, dense decay
01	Damped Room	Ultra-realistic large room
02	EQd Vocal Plate	Plate reverb with mid frequencies filtered out
03	Gated Sampler	Sampler stops recording when input stops playing
04	ExWide Hall	L and R are delayed for a wider spread - great for film mixing
05	Spin Cycle	Listen 100% wet for swirling effect- it'll give you room spins
06	L=SmRoom/R=Tap	Dual send utility delay
07	Perc Impulse	Cool panning resonator effect for drums
08	Wounded Phoenix	Odd delay and chorus program
09	Center Dry	Anything panned center is dry, L and R sides get hall reverb
10	Triggered Pan	Panning effect with doppler for mono effects or post production
11	Studio One Rm	Transparent room verb for instruments
12	Reflective Room	Stompy room with lots of early reflections for big drums and guitars
13	Rock/HardPlace	Tight stone room for bright ambience
14	PresenceDrumRm	Big stone room for killer drum tracks
15	ConcreteGarage	Big garage reverb for post production
16	Center Stage	Smooth small hall program for drums and vocals
17	Hiss Cavern	Severe LF Damping for a wispy decay- unusual bright sound
18	Shimmer Hall	High frequencies are chorused for animated treble frequencies
19	Jazz Club	Smooth warm hall for brass and vocals
20	Royal Chamber	Realistic large hall program
21	Swinging Plate	Subtle stereo swing on a plate reverb
22	BrightInstPlate	Bright plate reverb...try it with a clean guitar
23	Vintage Plate	Nice, transparent, classic tube plate
24	LonelyHeartPit	Pour out your soul into this long vocal plate
25	Warm InstPlate	2.8 sec. plate reverb, great for acoustic guitar and piano
26	Ice Cavern	Resonators feed the reverb send- cold bright sound
27	Panning Hall	Hall into a stereo tremolo- guaranteed to spin your head in 'phones

#	NAME	DESCRIPTION
28	Hall Closet	Tight, ambient space
29	FlyingfishVerb	Thick panning reverb for big percussion effects or voices
30	E Nose Space	Large space for ambient music
31	Clear Chorus	High frequencies are slowly chorused
32	Lush Chorus	Chorus and detune effect for thick synth or guitar tracks
33	Quad Dly Thick	8 block thickener for mono or stereo instruments
34	Maple Chorus	Another thick, sticky chorus effect
35	Panning Chorus	Chorus and detune effects, slowly panning from one to the other
36	MorphingFlange	Slowly changes from a slow, deep flange to a faster, shallower flange effect
37	Complex Flange	Stereo flange into detuned blocks
38	Flanged Octave	Input is flanged, shifted down an octave, then flanged again
39	Thru 0 Flange	Direct signal is delayed so flanging pitch comes before original (listen 100% wet)
40	Trigger Flange	Each note attack get a downward sweep
41	Repeat Repeat	Wet stereo ping pong delays with chorus
42	Stray Repeats	Each delay tap is slightly chorused or filtered
43	Stereo TapTmpto	True stereo delay with tap tempo
44	Shuffle Delay	Jazzy shuffle delay and reverb- the hippest sound in town
45	Perc Pan Taps	Fast stereo delay spread- try on remix percussion effects
46	L=1/8 R=1/4TAP	Tap on the enter wheel, in parameter, and get an instant dual send delay in tempo
47	Warm Repeats	Darker delay taps keep them from competing with the source in a mix
48	Tap Tempo THIS	Rhythmic delay, try synced to MIDI clock
49	Haas Pan	This program delays and filters the sound for precise panning (listen 100% wet)
50	Spread Tap	Tap tempo with an 11ms stereo spread
51	Rock Chorus/DI	Classic thick chorus with ping pong delay
52	AgainstTheWall	Wild chorus/tremolo/delay sound
53	Dual Chains	True stereo chorused delays for a wide stereo image
54	Reveille	What can you do with a few delays, pitch shifters, and hours...
