SN-U110 Series RS-PCM Cards

for the U-20 RS-PCM Multi-Timbral Keyboard, U-220 RS-PCM Sound Module, U-110 PCM Sound Module, CM-64 LA/PCM Sound Module, and CM-32P PCM Sound Module, as well as the D-70 Super LA Synthesizer.

Featuring a wide variety of high-quality waveform data sampled and edited through proprietary RS-PCM and other advanced digital technologies, these cards feature sounds that cover the range from traditional orchestral instruments to sound effects and to solo instruments such as Sax and Trombone. The SN-U110 Series RS-PCM Cards offer expanded creative opportunities for any musical style.

SN-U110-01 Pipe Organ & Harpsichord
This card provides a wide selection of classic organ and harpsichord sounds suitable for a wide range of music styles. Includes six Harpsichords, six Positive Organs, and eight Church Organs.

SN-U110-02 Latin & F.X. Percussion
Contains 45 sensational sounds for creating authentic Latin and other percussion effect sounds. Some 26 Latin percussion instruments (including Conga, Bongo, Claves, Timbale, Maracas, Agogo, Cuica, Guiro, etc.), and 19 F.X. Percussion instruments (including Orchestra Hit, Siren, Typewriter, Clock, Pinball, Telephone, Scratch, etc.) are provided. To facilitate usage, three complete Latin percussion and four percussion effects setups are included.

SN-U110-03 Ethnic
Ethnic instruments from around the world are included on this card which provide a resource of unique musical textures for your creative ideas. Sounds include six Tablas, three Tsuzumis, one Hyoshigi, two Genders, two Sanzas, four Balafons, three Sitars, three Santurs, nine Kotos, two Sicus, and three Shanais.

SN-U110-04 Electric Grand & Clavi
Provides 12 electric grand piano and clavi sounds that are perfect for today's popular music styles. Includes eight Electric Grand Pianos and four Clavi sounds.

SN-U110-05 Orchestral Strings
This card includes eleven orchestral string sounds ranging from harp to violin which can be used for a variety of musical applications from classical string ensembles to the "sweetening" for contemporary music. Includes three Violins, three Cellos, one Cello/Violin combination, one Contrabass/Cello combination, one Pizzicato, and two Harps.

SN-U110-06 Orchestral Winds
Includes a selection of orchestral wind instrument and Timpani sounds with tonal and performance variations ranging from pianissimo Tuba to bright French horn. This card is especially suitable for classical music styles. Includes six Oboes, five Bassoons, six Clarinets, five Bass Clarinets, six French Horns, five Tubas, and two Timpani.

SN-U110-07 Electric Guitar
This card provides a variety of realistic electric guitar sounds found in today's various music styles and features an impressive variety of playing techniques ranging from picking harmonics to feedback. Includes 15 Jazz Guitars, 27 Overdrive Guitars, 28 Distortion Guitars, and one Picking Harmonics set.

SN-U110-08 Synthesizer
28 selected sounds from Roland's renowned LA Synthesis sound sources, including the most popular sounds of the famous D-series digital synthesizers. Includes Fantasia, Bell Pad, Syn Choir, Breath Vox, Calliope, Metal Hit, Rich Brass, Pizzagogo, Synth Harp, Breath, Nails, Spectrum and more.
*Note: The above sounds are built into the U-20 and U-220.

SN-U110-09 Guitar & Keyboard
16 keyboard sounds such as strings and brass sounds from the Jupiter 8, as well as synthesized bass guitar and heavy guitar sounds. Includes Bright EP, Syn Vox, Syn Bass, Heavy EG, JP Strings and more.
*Note: The above sounds are built into the U-20 and U-220.

SN-U110-10 Rock Drums
In addition to powerful rock drum and electric drum sounds, two kinds of drum sets are provided which include snare drum and percussion sounds from the popular TR-808 rhythm machine. Includes 33 Rock Drums and 16 Electric Drums configured in complete Rock Drums and Electric Drums setups.

SN-U110-11 Sound Effects
Features a variety of sound effects ranging from nature sounds such as Birds and Thunder, to Machine Gun and Car Crash sounds. Ideal for commercial jingles, sound effects and film soundtracks. Includes Creaking Door, Footsteps, Waterphone, S-Strings, Screaming, Laughing, Missile, Explosion, Applause, Train, and more.

SN-U110-12 Trombone and Sax
The dynamic solo potential of the saxophone and trombone is tapped in this card selection. The nuance of these sounds can be controlled by key velocity, for expressive solo performances. Includes ten Sax, five Trombone, and five Trombone/Trumpet sounds.
